

Our compostable Cutlery can be washed and reused.

Made from a PLA resin derived from corn, a renewable resource, our Compostable cutlery will compost within 6 months in a commercial composting facility. These eco-friendly products are strong & durable, the perfect pla-based spoons for restaurants, school cafeterias, business functions, trade shows, festivals and fairs, catering, and events of any size.

A durable and sturdy spoon that works great for scooping ice cream, yogurt, oatmeal, and more. These pla-based cutlery are comparable to traditional petroleum-based plastic spoons.

- Reusable!
- Strong & Durable
- For Hot or Cold Food
- Great For Delivery and Takeout or To-Go
